Johnnie Greenstock & the 4 P's of Nutrition (3-5 years)

Through his special book and fun activities, "Johnnie Greenstock" helps parents and children easily connect the four pillars of nutrition: Planting, Plate, Palate, and Play. The four pillars help parents and children identify the basics of nutrition through connecting seeds to food, preparation of fruit and vegetables, and how food is turned into energy for play and exercise. In short, without seed we will not have food on our plates, our palates will not be pleased, and we will not have energy for play.
